I looked through the Bootstrap source and found that the width property is set in a custom.ttbs class, which is not extended by the ul and ol classes. I have tried placing a white border around the ul or ol with no effect. How can I change the width property in these unordered lists? A: You have to set the class on the ul element in Chrome: Firefox and Opera seem to pick the correct setting automatically, I tested this in Chrome 26. Q: How to use git in Eclipse git repository? A world where the lands are divided between the three great families of the Elder Order — the Dryads, the Huntresses, and the Erudites. Dryads are the protectors of the forest. Relying on cunning and stealth, they are the masters of magic, and wield weapons such as bows. They are constantly fighting to protect and maintain the harmony of the Dryad Forest. Huntresses are the protectors of the wilderness. Their strength lies in swords, bows, and maces. Skillful combatants who know how to take advantage of the terrain, they are used to battle monsters and criminals. Erudites are the protectors of humanity. Their strength lies in suits of armor, swords, bows, and magic. They excel in warfare and are usually the most powerful of the three. RISE, TARNISHED. ENTER A WORLD OF MAGIC

What's new:

As a new player, you'll start the game with your starter gear, and will receive a number of Tarnished Seeds during the game to upgrade your weapons and armor.

At the start of the game, you may choose either the Path of the Tarnished or the Path of Great Being. Using the Alliance item, you may also summon the Great Being to assist you during your adventure. The Adventure is a battle that players can play alone or with a friend.

Cancel all combat and go on a quest to the Lands Beyond? We'll be hosting tournaments throughout the release cycle.

It is rumoured that the most popular sport of the Kirchtänzige (Unfurled ones) was so called they were made because this was the scene the shirt was kept for a couple of years before it was once again wrapped again. The exact origin of this tradition is unclear. A widely spread and believed tradition says that the feather became the main käpp'n stick (from vernacular kapitzn – feather*
